ABOUT THE SYCAMORE PARK COMMUNITY CENTER – The Sycamore Park Community Center opened its doors to the community in November 2008 and quickly became a hub of community activity. The center provides a warm welcome environment in which the community can come together to play, laugh, grow, and learn. It is a place where everyone matters. Regular programming provides children with healthy activities from sports to cooking and 2nd Generation Parents Group for grandparents who are raising children. Outside of the programming, the facility provides a place where children can play, parents can relax, or parents and children can play together. The Sycamore Park Community Center is part of the Recreation division of the City of Farmington department of Parks, Recreation, and Cultural Affairs.
