## Who was Heather McGaughey?

Heather McGaughey was a 22 year old professional actress who had the leads in both Sandstone Productions in the summer of 2005: Helena in *A Midsummer Night's Dream* and Nellie in *South Pacific*. She came to Farmington fresh from her first year-long professional acting job at the Old Creamery Theatre in Iowa. Heather was an energetic, positive, vibrant, and extremely talented young actress who inspired both the actors and technicians. She was a true team player and ultimate professional actress. She died tragically as a result of a car accident in Farmington caused by a speeder who ran a red light, ending the season three weeks early. This program was an inspiration of her parents to combine Heather's love of children and theatre. This program is a passion for Sandstone Productions and, with the aid of the Farmington Recreation Center Youth Summer Program, will continue each summer to honor this wonderful actress who graced our lives for too short a time.
