

FARMINGTON CLEAN AND BEAUTIFUL

ADOPT-A-SPOT

This is a program in which individuals, organizations and businesses volunteer to take care of a site in the community, which gives us each an opportunity to get involved! As an "adopter," you provide the community spirit and pride it takes to ensure we all take care of our environment. Picking up litter on your adopted spot a few times per year is the only responsibility. Trash bags, safety vests and gloves are provided by Farmington Clean and Beautiful; your business or organization is responsible for providing the manpower.

For more information, call 505-599-1426.
